STEP BY STEP GUIDE FOR CEX

1) CREATE YOUR CEX.IO ACCOUNT

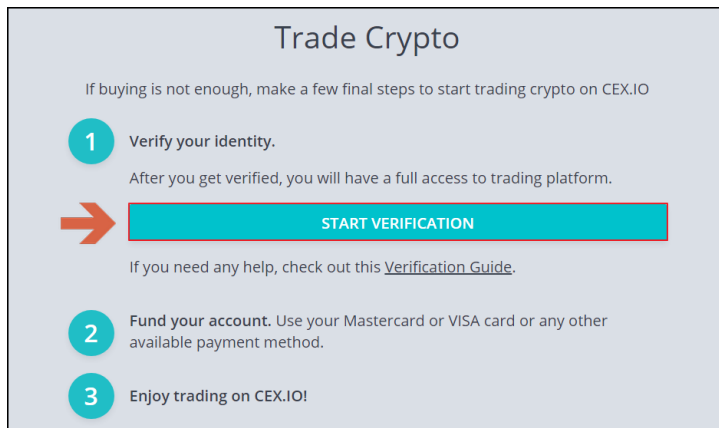

Haven't created an account at CEX.io yet? No worries, we'll walk you through it.

Just head to <https://cex.io/>, hit the **Register** button and follow these steps:

1. Fill out the details
2. Hit **Proceed** on the next screen
3. An email **confirmation link** will be sent to you.
4. Open the email and either press **Confirm**, or copy the code at the bottom and return to the CEX.io page to paste the code.
5. Once your email is confirmed, press **Proceed**
6. Next, you will be asked for phone verification. Hit **Confirm** and choose **SMS** or **Call**.
 - NOTE: If the code is not sent within 30 seconds, hit **SMS / Call not Received** to request a new code
7. Enter the code that was sent to you and hit **OK**

The last step is to verify your identity so you can start trading cryptocurrency.

1. Hit the **START VERIFICATION** button

2. On the next screen, hit the **Identity Verification** box

3. Select **Ok, let's go**
4. Hit **Country of residence**, and confirm your country
5. Hit **Proof of identity document**, and select the document type
6. You can then choose to **upload photos** using your mobile phone or through a form on the website
7. Follow the instructions to attach photos of the **front** and **back** of your ID and a **selfie** of you holding your ID
8. Fill out your **real name**
9. Enter your **nationality** and **date of birth**
10. Enter the ID **date of issue** and **expiration**

It could take **up to 30 minutes** for your ID to be verified. Once it's done, you'll get an email confirming this.

You can verify address and other info for increases limits and access to bigger benefits at CEX.IO, but this is completely optional.

2) BUY BITCOIN AT CEX.IO

When you're ready to buy Bitcoin:

1. Go to **Cards** at the top of the CEX.IO page. *If you are still on the verification screen, hit **Exit Verification** first.*
 - By default, the site gives you credit cards as the only option. If you want to use bank transfers instead, press the green **Deposit** tab on the right and this will show you additional options. **NOTE: You will need to complete further verification to use these**
2. Enter the **card details** (card number, name and expiration date)
3. Hit **Proceed**

Verification normally takes **5 minutes** but if it takes longer please be patient and wait for the email to be sent.

Once verification is complete:

1. Go to **Buy/Sell** at the top of the CEX.IO page. *If you are still on the verification screen, hit **Exit Verification** first.*
2. Choose the **type of cryptocurrency** you want to buy
3. Choose the **currency** you want to use
4. Select the **amount** and hit **Buy**

On the next screen, check all the details carefully and select **Buy Now** to finalize the purchase.

3) SEND BITCOIN TO BOOKMAKER

Once you have Bitcoin available on your CEX.IO account, you're ready to fund your sports account.

First, you'll want to go to the BookMaker website since that's where you will be getting the address to send the funds to.

Just log in to your account and follow these steps:

1. Open the Cashier
2. Select **Deposit**
3. Select **Bitcoin**
4. Enter the **amount** to deposit (this must be the exact amount you want to deposit)
5. Claim a **bonus** (optional)
6. Hit **GET ADDRESS**

You will now need to **copy this address**. You can either highlight by dragging, or copy instantly by hitting the small copy icon (like two sheets of paper) to the right of the address. ***Please do NOT type the address by hand. Always use the copy-paste feature!***

Next, return to **CEX.IO**, and hit the blue **WITHDRAW** tab on the right of your screen:

Now, follow these steps:

1. **Paste the Bitcoin address** into the field
2. Choose **BTC** as the currency type and enter the **amount**. *This must match the exact amount that was shown in the BookMaker Cashier.*
3. Hit the **Withdraw** button

The screenshot shows a 'BTC withdrawal' interface. On the left, there is a form with a Bitcoin icon and the text 'BTC withdrawal'. Below this, it says 'Enter the recipient's address below'. A text input field contains a long string of 'x' characters. Below the input field is a checkbox with a checkmark and the text 'I have double-checked the selected coin, address, amount, and fees and agree with [Terms of Use](#), [Refund Policy](#) and [Payment Conditions](#)'. A large blue button labeled 'Withdraw' is at the bottom of the form. Below the button, it says 'It might take a few minutes for the network to confirm the transaction.' On the right side, there is a blue sidebar titled 'Select currency and amount'. It shows 'BTC' selected in a dropdown menu with the amount '0.04938549'. Below this, there are buttons for 'USD', 'EUR', 'GBP', 'RUB', and 'BTC' (which is highlighted with a red box). Below the buttons, it shows 'Fee: B 0.00050000' and '- B 0.00000000'. At the bottom of the sidebar, it shows 'Total amount' and '0.00000000'. Three red circles with numbers 1, 2, and 3 are overlaid on the image: 1 is on the address input field, 2 is on the BTC dropdown menu, and 3 is on the Withdraw button.

Your deposit will then be posted to the blockchain. It usually takes **10-30 minutes** for deposits to be confirmed.

You can check the status on any transaction by going to the blockchain website and entering your deposit's address: <https://www.blockchain.com/explorer>.
